

Puffer

Philippe Malouin

Puffer has been created with a love of simple shapes and the idea of comfort as a function. Working closely with the product development team at SCP's specialist upholstery factory, Philippe Malouin took inspiration from the feather filled Puffer jacket, to create a design that encloses the sitter in a similar way. Impressively comfortable, this design shows a deep understanding of the possibilities of traditional upholstery making.

Date of design

2022

Designer

Canadian designer Philippe Malouin moved to London after studying in Montreal, Paris and Eindhoven. He set up his Hackney based design studio in 2008 where he creates his portfolio of furniture, lighting, rugs and artworks, each exhibiting a clearly expressed geometric dimension that enhances their aesthetic appeal and individuality.
