## Terence Woodgate

A collection first launched in 1995 that comprises an armchair, chaise-longue and sofa, or as a versatile modular sofa system that allows for L shaped configurations. Conceived as a low-profile sofa system from the outset, the challenge of this design was to create the shape of the back to work as well as an arm. The arm itself is an elegant trimmed ellipse shape, while the legs are simple cylinders. A timeless design in the truest sense of the term.
